## NOAH AND THE GREAT FLOOD

- PART 1 -

Noah was a man who worshiped God. Everyone else hated and disobeyed God. One day, God said something shocking.

"I will destroy this wicked world," God told Noah. "Only your family will be saved."

God warned Noah that a great flood would come and cover the earth. "Build a wooden ark, a boat big enough for your family and many animals," Noah was ordered. God gave Noah exact instructions. Noah got busy!

Probably people mocked as Noah explained why he was making an ark.

Noah kept building. He also kept telling people about God. Nobody listened.

Noah had great faith. He believed God even though rain had never fallen before. Soon the ark was ready to be loaded with supplies.

Now came the animals. God brought seven of some species, two of others. Birds great and small, beasts tiny and tall made their way to the ark.

Perhaps the people shouted insults at Noah as he loaded the animals. They did not stop sinning against God. They did not ask to enter the ark.

Finally, all the animals and birds were aboard. "Come into the ark," God invited Noah. "You and your family." Noah, his wife, his three sons and their wives entered the ark. Then God shut the door!

NOAH AND  
THE GREAT  
FLOOD

- PART 1 -

Noah was a man who loved God.

Everyone else hated God and did what they wanted.

One day, God said to Noah "I will destroy this wicked world," God told Noah. "Only your family will be saved."

God warned Noah that a great flood of water would come and cover the earth. He said "Build a wooden ark, a boat big enough for your family and many animals."

God told Noah what size every bit of the boat must be. Noah got busy!

Probably people made fun of Noah as he told them why he was making an ark (boat).

Noah kept building. He also kept telling people about God. Nobody listened.

Noah had great faith. He believed God even though rain had never fallen before. Soon the ark (boat) was ready to be loaded with food.

God told Noah "It's time for everyone to go into the Ark." Now came the animals. God brought seven of some kind of animals and, two of others. Birds big and small, beasts tiny and tall made their way to the ark.

Perhaps the people shouted bad things and laughed at Noah as he loaded the animals. They did not stop sinning against God. They did not ask to enter the ark.

Finally, all the animals and birds were aboard. "Come into the ark," God said to Noah. "You and your family." Noah, his wife, his three sons and their wives entered the ark. Then God shut the door!

**Noah did everything just as  
God commanded him.

## **NOAH BUILDS THE ARK**

Kids have fun building their own little ark with some happy animals.

### **TOPICS: -**

Animals, Noah, Protection

### **MATERIALS:**

Ark worksheet [PDF]

Animal worksheet [PDF]

Animal stickers (optional)

Construction paper

Yarn, crayons

Glue Sticks/Tape

Hole Punch

### **DURATION:**

Approximately 20 minutes

### **PREPARATION:**

Before class, print the Ark worksheet and the Animals worksheet. Cut out the Ark. Cut along the dotted lines of the Ark's door so that the door can open and close. Using the hole-puncher, punch out the two black circles on the top of the door. Glue the ark to a piece of construction paper using the glue stick. (Be careful not to glue the door shut.) Cut the animals out from the Animals printout or if you like, you can use animal stickers. Cut 2 pieces of yarn approximately 7 or 8 inches long. You will need to cut out enough arks, animals, and yarn so that each child in class has their own copy.

### **WHAT YOU WILL DO:**

The children will take the animals you cut out (Or they can use the animal stickers you purchased from a local store) and paste them in the opening of the Ark's door. The next step will be to have the kids thread the yarn through one of the holes in the Ark's door. Tape one end of the yarn to the door. Tape the other end of the yarn to the side of the ark, just beyond the opening of the door. Repeat for the other side of the door. Next, have the children colour the sides and roof of their Arks.

### **WHAT YOU WILL SAY:**

As the kids work on their project, ask them what it would have been like to be in the ark with all those animals. What kind of sounds would they hear? What kind of food would the animals eat?
